Intelligence Oversight Program

Intelligence Oversight (IO) is the proper measures taken to ensure the conduct of intelligence activities conform to U.S. Law, Executive Orders, DoD Directives, and Army Regulation.

Understand...Intelligence Oversight applies to all Army Intelligence Components, units, organizations, staffs, or offices used for intelligence activities and anyone who suspects any collections on U.S. persons or any questionable activities.

To have an effective Intelligence Oversight program, be proactive, know the regulations and do the following:

1. Designate a **POC** for Intel Oversight

2. Ensure **unit personnel** know the POC and contact info.

3. Ensure Intelligence personnel are trained w/i **30 days** of assignment

4. Ensure **refresher** training is scheduled and conducted.

5. Ensure intelligence personnel are familiar with all procedures, with emphasis on **Procedure 15**.

6. Ensure any Questionable Activities are reported within 5 days from discovery to the CoC, CID, or IG.

If you have further questions, please contact your local IG office
